The following information on repair work and production in August and September 1955 was obtained from the Soviet motor vehicle repair shop "Progress", [redacted] in Zeesen:

25X1

1. Vehicles overhauled in August included 55 Studebaker, 80 ZIS, 44 jeeps and 40 tank trucks.
2. Vehicles to be overhauled in September included 80 ZIS, 50 Studebaker, 45 jeeps and 40 tank trucks.
3. Vehicles dispatched to an undetermined destination during August and September included 10 Studebaker and 5 ZIS on 29 August; 10 ZIS and 2 tank trucks on 31 August; 50 jeeps on 5 September; 15 repair shop trucks on 6 September; and 30 repair shop trucks and 10 tank trucks on 15 September.
1. Comment. The great shortage of material does not permit a definite conclusion on the actual output in September 1955 compared to the precalculated figures on repair work.
2. Comment. The shipment on 5 September 1955 [redacted] was previously reported.
3. Comment. The shipments on 6 and 15 September 1955 probably went to the USSR.
